

## How to join a Microsoft Teams meeting with your teacher on an iOS DEVICE (eg. iPad or iPhone)

### Step 1 – Download Microsoft Teams from the App Store.

### Step 2 – input your welearn365 account log in details.

Sign in using your work or school account.

Username, email or phone

Sign in

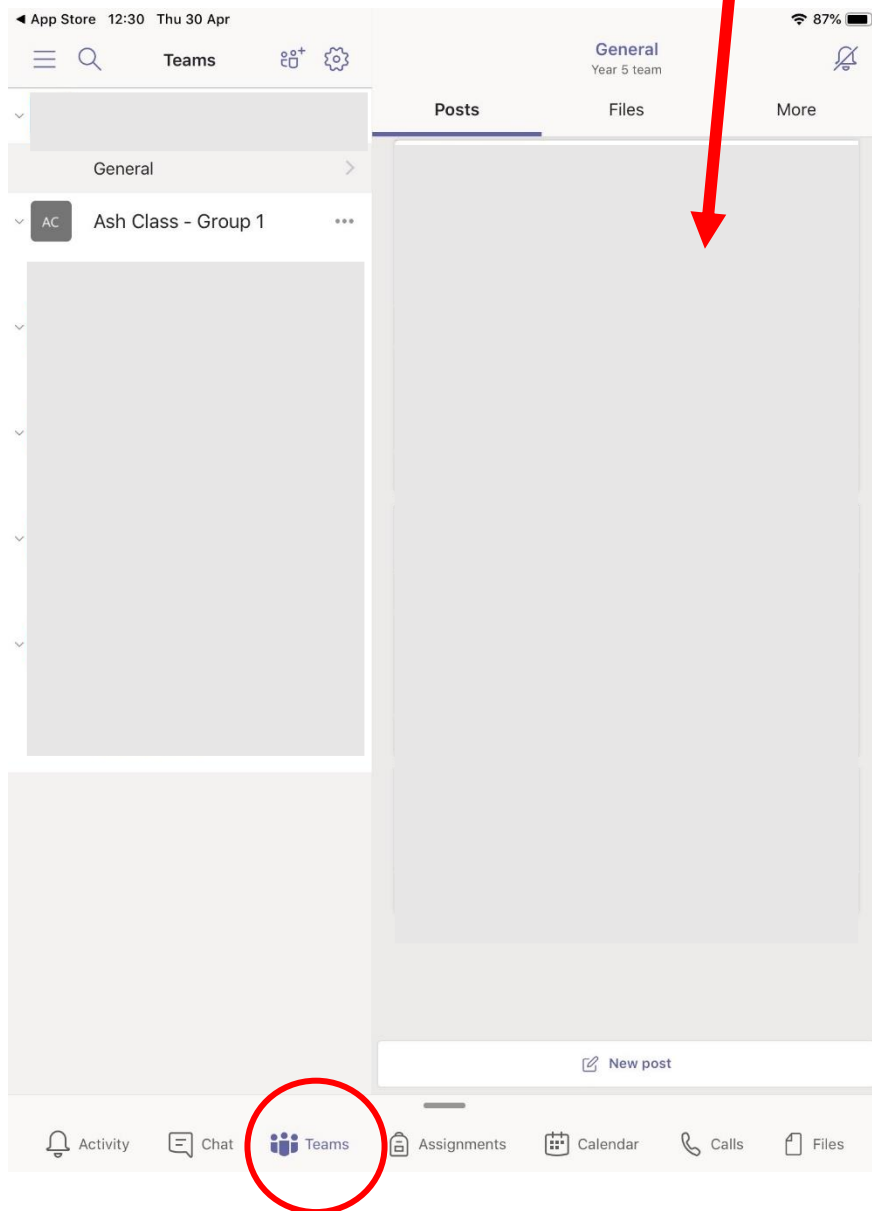

[Get help with signing in](#)

**Step 3** – tap on 'Teams' at the bottom of the app

Yours will look something like this, with a list of the teams you have been added to.

You will be in a team, which is named something like **Ash Class – Group 1**, created by your teacher.

Wait on this page for your teacher to call at the time you have been given in your email. An option to join the meeting will appear in this section when the meeting has started.

Click on **VIDEO**, and **ALLOW MICROPHONE**.

This way, your teacher will be able to hear and see you when you join the meeting.
