

My mind is swirling around with thoughts and feelings like a tornado... around and around and around. It's like I've sewn an explosive bomb to my head, ready to blow me to crumbling pieces- no kidding. Life is so hard these days..... oh, great, the camera's fallen down again!!

Ok, it's up and working again. Anyways, I kind of- wait, before I say another word, promise me Mum and Dad won't hear of this. Is that clear? I've heard of many annoying siblings in my time, and if your one of them, you don't know what's coming to you. Ok? Just a min, 'Mum, Dad?' Okay, coast is clear. Get ready for some brotherly stuff. You won't see what's comin' at ya. I kind of fancy this super cool and pretty and amazing girl in my school. I really think that she's just so..... beautiful. Her name is Julie- and she totally fancies me too! But every time I try and impress her, I just look like a complete baboon trying to reach a banana on a tree!

And to make matters worse, I was diagnosed with a kind of heart failure illness thing. I can't swim, run, play or do any of those things that you totally love. Can't you even begin to imagine how hard that must be? I only have less than a year to live. But I've finally reached the fork in the path. Live until next year, or have a massive, almost impossible, operation that's never been done or even attempted before. Hard, am I right?

And to add on to the trouble, I feel like I am losing my best friend, Marlon. Who am I going to look up to? But all these things that I am telling you comes from only the kindness of my heart and is for you to keep hush, hush. It's secret sibling stuff. Ok? No blurting out my personal and private info to Mum OR Dad. Clear?

It's been a long conver- Mum? Dad? Scatter!!! Sorry, someone decided to sneak up on me! Anyway, it's been a long conversation, so it's time for me to say bye. You'll be expecting way more of these- it's the least I can do!!

Bye,

Cam. xx

(P.S Reminder: don't tell your parents!)
