

Governor Profile

Name: Adrian Higginbotham

Role: co-opted governor,

Sub Committee: link governor for SEN and inclusion

I live in Hillmorton and have Two teenage children neither of whom attended Paddox as we didn't live in the area at the time. I work in a Government department and am passionate about enabling young people to succeed. I am blind and know from personal experience how much difference an inclusive education makes. I volunteered as a governor in the hope that my own experience of education and my knowledge of the pressures and priorities for schools can be put to good use to support everyone at Paddox.
