

# Governor Profile

**Dominic Elvin:**

Role: Co-opted Governor

I look back and some of the best years of my life so far were when I was at school. I want to be part of the process to help foster an environment that the future generation of school goers can also leave school having succeeded in their goals whilst also having the best time in doing so! In my current role I help perform the shareholder role in a government owned organisation, focussing on corporate performance as well as ensuring good corporate governance. I'm also currently studying towards being a chartered accountant and so have a keen interest in ensuring all the children are getting the best possible school experience with the resources available.
