Dear Parents and Carers

We have recently updated our behaviour policy and would like to invite you to attend a Behaviour Presentation on Tuesday 2 May 2023.

As a school, we constantly strive to maintain a safe, secure and healthy learning environment for all of our students. Therefore, this updated policy has been instated in order to further promote positive behaviour and ensure a successful learning experience for everyone.

During the presentation, we will go over the updated policy in detail and provide an opportunity for all stakeholders to understand the policy better. We believe it is important for everyone to understand the expectations and procedures outlined in the policy, in order to sustain a positive learning environment and resolve any incidents that may arise.

Some of the changes that have been implemented include consistent handling of behaviour, reinforcement of positive behaviours through our leaves and clear procedures for addressing different behaviours. We believe these updates will contribute to a more harmonious and productive environment throughout school. There will be opportunities for questions, but to confirm these must be general questions; no specific incidents or children will be discussed.

It would be lovely to see as many parents as possible at the presentations. Unfortunately, it is not possible for children to attend. It is important to note that there will be two presentations. If you would like to attend either please [click this link](#) and complete the details.

If you are unable to attend either presentation please do not worry we will add the presentation and the policy to the website after 2 May 2023.
